Details

We offer here a well kept Cobra of the manufacturer Everett-Morrison, which was elaborately refined by WEINECK. The 7500ccm V8 engine from WEINECK was fitted with the upgrade to 500 hp. In addition, there was a brake update to a multi-piston brake system, as well as the refinement of the multi-part WEINECK rims. This car has been painted in the classic Cobra color combination blue with the silver stripes, which has been maintained very well and stands in a very good condition. Further information is available upon request.
